How do we work with our Health & Social Care Colleagues?

CCS Village & Community Agents work closely with our colleagues across Somerset County Council & Somerset NHS teams.

1 ANY adult who needs help of any kind, or who cares for someone in an unpaid capacity can ask for support from our Village Agents. Call **01823 331 222** or call the Carers Helpline on **0800 31 68 600**. But what defines an unpaid Carer?

The person being cared for can be a friend/ family member/spouse/ child/neighbour.

An unpaid Carer may or may not be in receipt of a Carers Allowance.

'Unpaid Carer' means someone not EMPLOYED to be a Carer for a person.

2 We have a **One Agent: One Family** approach, ensuring speedier outcomes for people. ALL CCS Village and Community Agents offer support to unpaid Carers, it means we have a lot more people available to help carers.

3 **Working with Adult Social Care (ASC) & the NHS:** We have built up fantastic relationships across the county with the many health & social care support services. Our Agents take part in daily 'Peer Forum' discussions with GP surgeries and Adult Social Care staff to ensure that the clients needs are met by the most appropriate person, quickly and efficiently.

4 **Somerset Direct:** We have a shared phone line with Somerset Direct so people calling the County Council helpline can be transferred quickly and easily to our team of Agents without having to hang up the phone and redial.

How can Village & Community Agents help people?

It's probably easier to list the things Agents CAN'T do!

We don't like to pin down exactly how an Agent can help, as each person's situation is unique, but generally to make someone's everyday life better with the right connections, access to food, emergency funding or practical community based solutions - then they can help.

Below are a few examples from the team on ways they have assisted clients.

- Supporting clients to access transport so that they can attend their vaccination appointments.
- Delivering food to families and individuals who are shielding or isolating, or setting up an arrangement with the local food bank to supply food to clients.
- Source & arrange delivery of white goods, furniture & other household items to be delivered to clients who are moving into permanent accommodation.
- Making sure that the clients are supported to get the financial help they need.
- Arranging translation for clients who don't speak fluent English but need our support.
- Supporting people who need help collecting prescriptions.
- Conducting welfare calls on behalf of local GP's to ensure clients are safe and well.
- Giving emotional support to people who are feeling isolated and lonely and arranging regular phone calls so that they have ongoing interaction.
- Supporting people & particularly unpaid carers by brokering a microprovider who can help with daily living tasks to alleviate some pressure. They can also arrange for ready-made meals to be delivered to the carer so that they can take a break from cooking.
- Supporting elderly Somerset residents to 'survive winter' by making sure that they have sufficient heating and cooking facilities. Distribute Surviving Winter grants.
- Gifting rehomed and refurbished mobiles to people who are cut off from their community, family & friends because of a lack of technology.
- Supporting clinically extremely vulnerable clients by providing technical support to ensure they can use technology to communicate and do their shopping online etc.
- Helping people to get home from hospital or temporary accommodation by setting up the support they need at home to keep them safe and well.
- Work with Community groups to get established, help find them funding & support their initiatives. Finding & making connections between clients & the right community based support.

If in doubt, give us a shout!

We can quickly advise if we can help with your case.
